PANL

ROOM MANAGER

Ecosystem

PanL70Plus
Display Panel

Facing meeting room issues?

Meeting Room Clashes?

Clear meeting information throughout the day right from the display panels

Trouble Finding Room?

Clear LED indicators to locate a vacant room from afar

Ad-Hoc Bookings?

Book, claim, extend & end meetings without going through calendar

Ghost Bookings?

Auto Release feature eliminating no-show booked meetings

Cumbersome Coordination?

Send equipment or catering order together with your room booking request

Insufficient or Underutilized Rooms?

Access to booking statistics to better management of available assets

Finding the right Room?

Get room information such as capacity, layout & equipment available direct from outlook

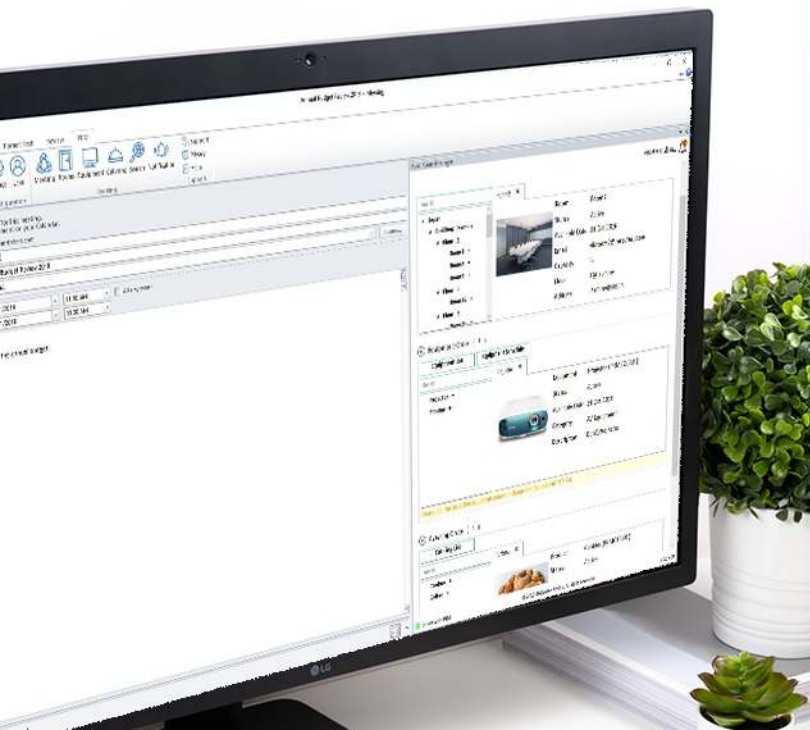

Poor Administration?

PRM Console provides easy management of booking resources & user behaviour

Make bookings through Panel, Outlook Add In or Web Access (OWA)

On-Spot Booking authentication through RFID or Passcode

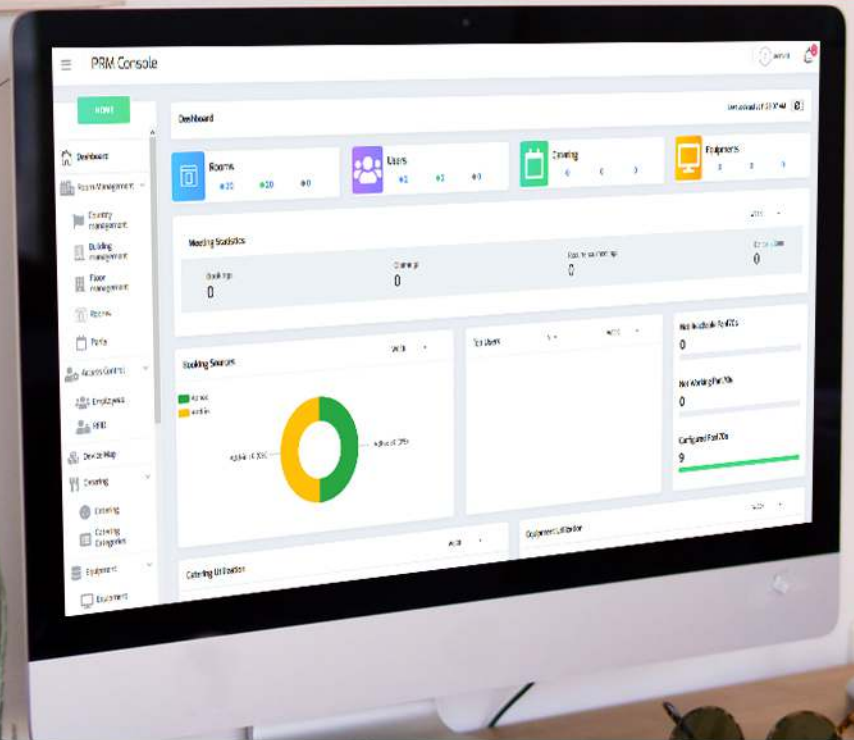

PANL ROOM MANAGER

WEB CONSOLE

Access room booking statistics and manage resources such as rooms, displays, users, catering and equipment

Seamless integration and flexibility

Office365 & Outlook Exchange

Integrate & Synchronize with existing Microsoft Office Calendars seamlessly

Multiple Access Control

Assign passcodes to users or use existing door access RFID to authenticate user

Easy Power Up / Deployment

Panels powered by hub directly through Ethernet cable. Can support up to 16 displays/hub

Cost Effective Architecture

Shifting data processing to centralized hub enable the use of "dumb" displays

Google Calendar Integration

Extendable to include Google Calendar aside from Microsoft Office Calendars

Smart Office Controls

Customizable to integrate sensors, locks, appliance control to work alongside meeting schedules

High Scalability

Easily scale up number of rooms whether at a local office or across multiple sites

Customizable User Interface Options

Configure & customize Panel user interface to boost your corporate image
