BRIDGING TECHNOLOGY

Beyond meeting room booking

Smart Administrator
Automatically manage and improve space utilization with a quick and easy setup through management console

Book Anywhere
Book spaces from display panel, Outlook Add-in or remote booking through mobile

Office 365 & Exchange
Integrate and Synchronize with your existing Outlook Calendar seamlessly

Catering/Equipment
Place food catering or equipment request upon room booking to the relevant person in charge

User/Room Grouping
Easily form user or room groups and apply policies or permissions across them quickly

Advance Room Search
Quickly find the right room to work by applying advance search filters
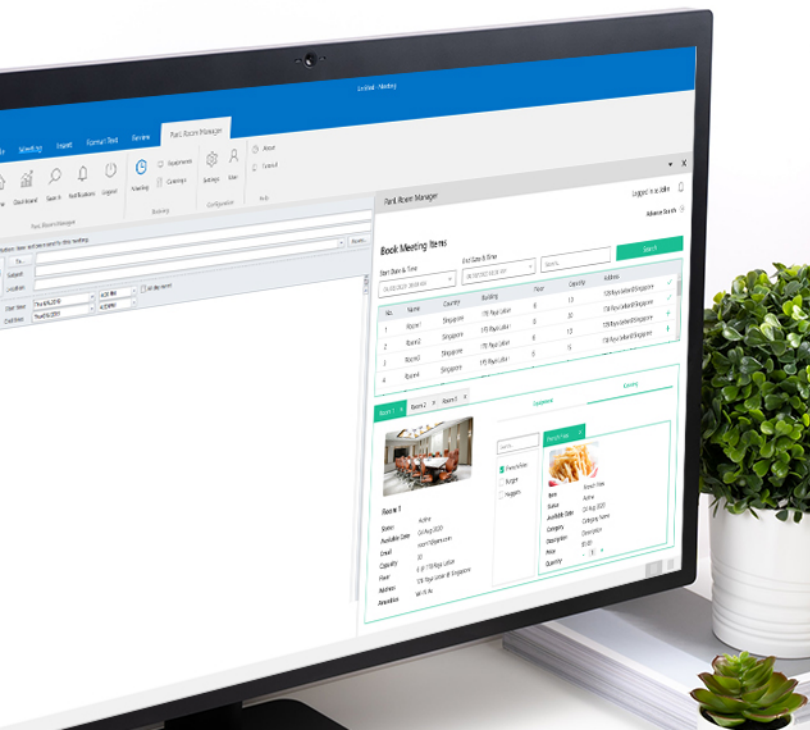

Room Types
Define room types to set predefined booking attributes to different spaces. Eg: Managed type vs Non-Managed

Open Integration
Flexible to integrate with other applications or systems to further expand existing features and applications

Make bookings through touch panel, Outlook Add-In, Mobile or Web Access (OWA)

On-Spot Booking authentication through RFID or Passcode

ROBUST POLICY ENGINE

Customize booking policies the way you want it and enforce it across different users and spaces!

- Set advance booking to prevent ad-hoc booking or confine booking hours using the window configuration

- Configure the number of hours that a User Group can book in a day, week or a month. Create different working shifts for different user groups

Space Group Policies

- ☑ Allow Booking
- ☑ Hours per Booking
- ☐ Same Day/Advance Booking
- ☑ Window Booking

User Group Policies

- ☑ Usage Quota
- ☑ Working Hours
- ☑ Enable Multi-Booking

VERSATILE ROLES/PERMISSIONS

Configure both default and customized roles with different resource and access permissions

- Create new roles and assign customized permissions to different user groups

- Set different access permissions to different space groups across buildings and floors

Super Admin   Admin   Default Users   **+Add Role**

Resource Permissions
- ☑ Building/Floor Management
- ☑ User Management
- ☑ Space Management
- ☑ Device Management
- ☑ System Management

Access Permissions
- ☑ Building A
  - ☑ Floor A
    - ☑ Space A
    - ☑ Space B
  - ☑ Floor B
- ☑ Building B
- ☑ Bypass Space Policies

On-Spot Book, Check-In & Auto Release

Do immediate On-Spot booking via the room touch panels without going through outlook. Automatically release rooms if not claimed within a timeframe to prevent unnecessary hogging

Identity based on-spot booking and check-in is feasible via RFID/Passcode. Detailed meeting room information is available on the display.
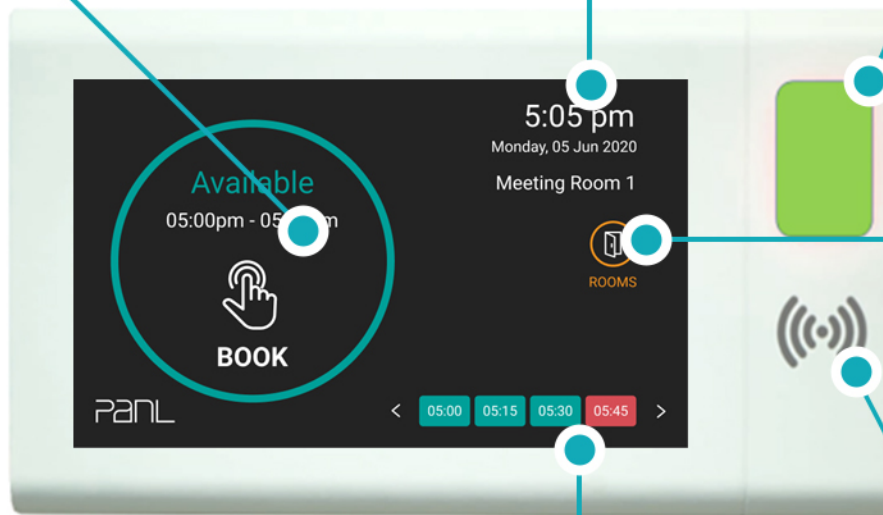

Enable check–in required to automatically release room if it is not claimed within the time window. Delete the whole series of recurrence bookings if it's not checked–in consecutively for a number of times.
